Introduction

The purpose of the Comprehensive report is to compile the official findings from the desk and onsite reviews, face-to-face interviews and self-assessments that were completed for your agency as part of ODP's QA&I Process. This report will:

- i. Highlight those areas the Provider is doing well related to person-centered services delivery and promising practices.
- ii. Analyze performance in ODP's quality focus areas for the current QA&I cycle.
- iii. Compare results of the desk and onsite reviews with the entity's self-assessment.
- iv. Summarize those instances of non-compliance that were remediated during the onsite review.
- v. Outline issues of non-compliance expected to be remediated within 30 calendar days of report receipt.
- vi. Recommend PPRs where compliance is below established thresholds of 86%.
- vii. Recommend improvement activities to be addressed during the remainder of the QA&I cycle, including systemic quality improvement projects to incorporate into QM Plans. The mission of the Office of Developmental Programs (ODP) is to support Pennsylvanians with developmental disabilities to achieve greater independence, choice and opportunity in their lives. ODP's vision is to continuously improve an effective system of accessible services and supports that are flexible, innovative and person-centered. The Quality Assessment & Improvement Process is a way for ODP to evaluate our current system and identify ways to improve it for all individuals.

QA&I Summary

Per ODP's requirement, Adult Behavioral Services, LLC completed and forwarded to the assigned Administrative Entity (AE) their Self-Assessment on August 31, 2017. Additionally, as required, Adult Behavioral Services, LLC submitted their Quality Management Plan, Restrictive Procedure Policy and Annual Staff Training Curriculum as part of the desk review. These were compliant with Chapter 51 requirements.

The on-site review was scheduled for and occurred on November 1, 2017. During the entrance discussion, the AE reviewed ODP's focus including Community Participation, Employment and overall Quality Improvement utilizing the Quality Management Plan.

Also noted was the change that the AEs were no longer reviewing the specific service billing history of the provider and On-Site is to occur on a 3-year cycle. The AE outlined what would be reviewed during the On-Site and potential timeframes for completion. There were four individuals in the review sample.

Data Analysis and Performance Evaluation

During the On-Site review portion of the QA&I process, Adult Behavioral Services, LLC made available all the required records. Adult Behavioral Services, LLC staff (Dr. Tricia Brown) obtained additional information as needed for the review. Dr. Brown was very pleasant and knowledgeable about the individuals selected. She was available to answer any questions that the AE had throughout the process. The overall experience was positive.

Highlights and Provider Strengths:

- i. Adult Behavioral Services, LLC had all records and documentation in an organized format. It was obvious to the AE that a lot of work had gone into assuring information to answer each question in the tool was available.
- ii. As Adult Behavioral Services, LLC is a small, newly formed agency, staff are extremely familiar with clients. Dr. Brown is well informed of the clients needs and contributions. This was apparent in the quality of the Progress Notes written for each encounter with the clients. The Progress Notes are well written and informative. Definitely corresponds with what is written in the ISP and supports the service being provided.

Recommendations for System Improvement:

- i. Adult Behavioral Services, LLC would benefit from becoming part of the ODP (Office of Developmental Programs) ListServ. This is an email distribution from ODP which keeps it's recipients up to date with ODP news and "goings on".
